Wednesday 9th October

Santa Maria della Scala

	Italo Calvino	Sant'Ansano	San Galgano	Cappella del Manto
09:00 10:00	**Track 2.1C** Designing Public spaces around mass transportation hubs – A case study of Tel Aviv's first mass transit system ***Architect Thai Yashar*** Walking Towards Sustainability: Optimizing Public Transit through the 'Walkable Cities' by Time-Oriented Model ***Suleyman Nurullah Adahi Sahin*** Reviving River Corridors for Sustainable Mobility and Urban Regeneration in Bandung, Indonesia ***Erlangga Baskara*** Placemaking and Public Space: Invisible Boundaries of Functional and Social Dimensions. Public space is Multi-layered and Multi-functional. Research about Superblock-Concepts in Basel, Barcelona and Vienna ***Nicole Wirz***	**Track 1.1** Integrating cultural heritage and protected areas: case study of Cultural Routes in the Abruzzo Region ***Nasim Sadraei Tabatabaei*** Research on the protection and renewal of overlapping sites within the context of cultural ecology perspective ***Panpan Feng*** Unveiling Varanasi's Legacy - A Visual and Historical Analysis of Evolution ***Rabi Mohanty*** The Influence of Architectural Culture on the Development of Religious Heritage - The Case of Asian Pagodas ***Jin Shang*** Culture Impacting Sustainability Operations. Exploring sustainable habitats by integrating local ecological knowledge and nature-based solutions, using theoretical frameworks and innovative cartography tools for cultural impact ***Antonella Contin*** Research on Protecting Traditional Villages and Integrating Culture and Tourism: A Case Study of Zhenbei Village, Harbin City from the HUL Perspective ***Jian Dai*** The Evolution and Generation of the Concept of Historic Trails: Based on the Comparison of Chinese and American Practices ***Xiaoxia Wang***	**Working meetings**	

Wednesday 9th October

University di Siena

	Aula Magna Historical	Aula Magna Rettorato	Sala delle Colonne
09:00 10:00	**Track 4.1** Beyond the Buzzwords: Examining perceptions of climate change resilience and adaptation in Jordanian municipal planning ***Yasmein Okour*** Multi-Scale Analysis of Urban Density and Carbon Emission Dynamics: A Case Study of Harbin, China (2007-2021) ***Yan Zhao*** Research on Urban Carbon Emission Prediction and Carbon Neutrality Pathways Based on Urban Spatial Elements ***Yuran Zhao*** Regional Comprehensive Disaster Prevention System Planning from the Perspective of Resilient Cities: A Case Study of Mentougou District, Beijing Municipality ***Yi Fei Xu*** Transformative urban design towards climate positive small towns ***Hanna Obracht-Prondzynska***	**Track 3.1** Conservation and revitalization of port industrial heritage under the historic urban landscape framework: A case study of Great Harbor in Qingdao, China ***Dawei Wang*** Clarifying Existing Land Use Rights in China: Foundation for Urban Redevelopment ***Zhangna Su*** Reviving Heritage and Empowering Communities: Inclusive Regeneration Practices in the Temple Towns of Bishnupur and Kalna, India ***Nandini Mukhopadhyay*** Community Involvement in heritage conservation in historic urban areas: A case study of The Chinese and Western Medicine Bureau, Macau ***Xinying Li*** Socio-economic contributions of living industrial heritage: A correspondence analysis of industrial community in West Bengal, India ***Abantika Mukherjee*** Italo Calvino's Invisible Cities ***Emilie K. Adin***	**Special Session UPSC** Sustainable Heritage: Innovating for Tomorrow While Honoring the Past (UPSC)
10:00 11:15			

Wednesday 9th October

Other rooms

	Maccherini	Sala degli Specchi
09:00 10:00	**Track 5.1** Activation and Regeneration of Seasonal River Waterfront Spaces in Cities ***Zhe Song*** Circular Urbanity: Innovations and Insights for Sustainable Urban Development ***Mingyi Shi*** Evaluating the Impact of Road Layout Patterns on Pedestrian-Level Ventilation Using Computational Fluid Dynamics Presenter: Zhenxing Li Floating Futures: Redefining Water Management through Sustainable Landscape Interventions in South Boston ***Yiqun Wang*** Research on Campus Eco-friendly Space Configuration from the Perspective of Supply and Demand -- Taking Harbin Institute of Technology as an Example ***Tianxiao Huang*** Timber buildings and the environmental benefits of cascading: LCA application to circular practices in the wood value chain ***Anna Ruini***	

Wednesday 9th October

Santa Maria della Scala

	Italo Calvino	Sant'Ansano	San Galgano	Cappella del Manto
10:15 11:15	**Track 2.2C** Research on optimization design of TOD efficiency of subway station area in cold region based on improved NP model - *Xiaolu Zhou* Walkability Index as a Strategic Planning Instrument for the Historic Centre of Rio de Janeiro *Ph.D. Victor Andrade* From Past to Future: TOD-Driven Revitalization of Historic Bhaati Station in Lahore, Pakistan *Dr. Ayesha Anwar* The Informal Economy at the Urban *Jiexin Bai* Walking into the Future: Transforming Urban Mobility with CityWalk2.0 *Dr. Valentina Stan*	**Track 1.2** The Role of Intangible Cultural Heritage in Sustainable Development of Small Towns: A Case Study of Heilongjiang Province *Jiuqi Meng* Making converts: reimaging historic places of worship for affordable housing *Rob Stokes* Research on the Heritage Values of Historical Cities in Greater Mandalay Region, Myanmar *Yan Zhou* Study on the spatial characteristics and heritage values of the ancient city of Mrauk, Myanmar *Yan Zhou* A visibility-based approach to analyze visual and cultural sustainability of canal heritage: A case of the Grand Canal (Yangzhou Section) *Xin Jin* Morphological Metamorphoses. Evidences from Historic Urban Cores in Russian Major Cities *Irina Karaselnikova*	**Working meetings**	

Wednesday 9th October

University di Siena

	Aula Magna Historical	Aula Magna Rettorato	Sala delle Colonne
10:15 11:15	**Track 4.2** Predicting urban carbon sinks: analyzing the heterogeneity and features of Shinjuku, Tokyo using Google Street View images *Jingxue Xie* Re-envisioning urban development patterns: A carbon conscious framework for Changchun *Tianjiao Zhang* Climate neighbourhoods in Flanders: initiating a broad transition process towards a sustainable urban environment Anneloes Van Noordt Do new towns have lower carbon footprint?: a case from South Korea *Jungyoon Seol* Designing Resilient Urban Environments: Addressing Vulnerabilities and Disaster Risks in Sangolquí Amid Quito's Metropolitan Influence *Myriam Jácome*	**Track 3.2** The role of urban form and architectural heritage in the 'reurbanisation' of the historical centre of Nicosia *Ilaria Geddes* Spatial Strategies for the Conservation of Ritual Heritage Compatible with Everydayness and Carnivalesque: A Case Study of Hero Dance South China *Zhao Chen* Heritage, Heart, and Home: A Socio-Cultural and Emotional Approach to Urban Tree Trail Planning *Shutao Liao* INT-ACT Intangible Cultural Heritage, bridging the past, present and future - Presenter: Andrada-Ioana Lupulescu Preservation of intangible heritage and empowering non-native ethnic communities in the Indian context *Purbita Samanta* Study on the spatial representation of rural cultural heritage place attachment from the perspective of intergenerational differences——based on public participation in geographic information systems *Quanling Shao*	**Special Session UPSC (suite)** Sustainable Heritage: Innovating for Tomorrow While Honoring the Past (UPSC)

Wednesday 9ᵗʰ October

Other rooms

	Maccherini	Sala degli Specchi
10:00 10:15		**Special Session Assurb**
10:15 11:15	**Track 5.2** Challenges and opportunities for closing the loop on wood in urban areas ***Madalina Rusen*** Creating Inclusive Community for the Elderly and Children: A Research Framework and Practice Based on Spatio-Temporal Behavior ***Guanqiong Che*** Imitating Nature: Chinese Circular Urban Solution Based On Nature ***Chengcheng Liu*** Response to «Dual-Carbon» Objective in Comprehensive Territorial Spatial Planning of Resource-Based Cities: A Case Study of Fujin city ***Zesen Fan*** Transforming public spaces towards user-friendly, climate resilient and energy producing spaces - the BARTLETT ***Alfred Willinger***	Quale Urbanistica Per Le Climate Neutral Smart Cities? *This session will be delivered in Italian.* *Please note that no simultaneous translation will be available*
11:15 12:15		

Wednesday 9th October

Santa Maria della Scala

	Italo Calvino	Sant'Ansano	San Galgano	Cappella del Manto	Catering
11:30 12:30	**Track 2.3C** Promoting Regional Urban-Rural Integration through Policy Intervention in Contemporary China: Evidence from 11 National-level Urban-Rural Integration Pilot Zones *Zhongyi Nie* Envisioning the Rural Metropolis: Designing for Ecological and Social Sustainability in the Near-Collapse Scenario for the Year 2074 *Yiqun Wang* Enabling nature-based solutions for tackling climate change in cities of the Global South *Dr Masoumeh Mirsafa* Co-creating eco-cities *Msc Janneska Spoelman* The Sustainable Energy and Climate Action Plan (SECAP) design and development: the case study of the Municipality of Grosseto (Italy) *Ph.D. Michela Marchi* Increasing liveability by designing public services for resilient neighbourhoods *Prof. Dorota Kamrowska-Zaluska*	**Track 1.3** Assessment of Urban Flood Resilience in the Qinba Mountains of Southern Shaanxi using a Novel DPSIR Framework Integrated with Social Media Data *Xin Zhao* Leveraging Artificial Intelligence for Enhancing Flood Resilience in Urban Villages: A Case Study of Zhengzhou, China *Mengke Wang* Construction of Multi-Factors Ecological Landscape Recreation System Based on the Minimum Cumulative Resistance (MCR) Model—A Case Study of Mentougou District of Beijing, China *Yu Gao* Multimodal Data Fusion for Analyzing Impact Mechanisms: Focusing on Greenhouse Gas Emissions in Historic Districts of Cold Climates *Muhan Yu* Stimulating Transitions for Underground Built Heritage Valorisation: the Hellenistic Necropolis in Naples (Italy) *Giuseppe Pace*	**Working meetings**	**Special Session Unesco** Making The Real City Visible: World Heritage Sites Between Overtoursim And Everyday Life	**12:00 Lunch 1**
12:30 13:00					

Wednesday 9ᵗʰ October

University di Siena

Aula Magna Rettorato
Track 3.4 Analysis of the influencing fa *Kai Zhang* Reprogramming Urban Communitie *Shitao Jin* Planning A «Cultural Center» f *Yiqun Wang* Evolving Socio-Spatial Dynamic *Jingwei Ju* Urban Memories and Inclusive Regen *Timea Lencz*

12:45
13:45

Wednesday 9th October

University di Siena

	Aula Magna Historical	**Aula Magna Rettorato**	**Sala delle Colonne**
11:30 12:30	**Track 4.3** An Integrated Approach to Urban Morphology: Combining Multi-Source Data and Parametric Design Tools for Urban Morphology Analysis of Cities in the Loess Plateau *Xin Zhao* Critical Success Criteria for sustainable and affordable housing delivery in high-density urban areas: A case study of Indian megacities *Debanjali Saha* Reactivating high-density suburbs: from regional to city-wide service – a case study of Yishun and Jurong East in Singapore *Junbo Xia* How the urban morphology impact thermal environment in high-density areas: A city-block-scale study in Harbin, China *Qi An*	**Track 3.3** Spatial Justice in Heritage Communities: Resident Perceptions of Recreational Spaces in Suzhou's Classical Garden Areas *Siyuan Hao* The Problem of Cultural Heritage: What Is Heritage Value for Residents? *Polina Ivanova* Planning of a Community- based festival to empower local communities and their cultural identity- A study of the Behdieñkhlam Festival in Jowai Meghalaya, India *Haziel Mercy Buam* Exploring Urban Resilience and Dichotomy of Transformation Projects in İstanbul: A Comparative Study of Gasworks Museum and Galataport İstanbul *Deniz Can* Evaluation of the Cultural Scene of Urban Communities under the Orientation of «Space-Behaviour» and the Path of Renewal Creation *Zhiyong Qiu*	**Special Session Invisible cities** Inclusive INVISIBLE CITIES – How to deal with blindness and visual impairments in Urban and Regional Planning?
